

Kallang to come alive with new sports and entertainment spaces

Redevelopment will see a velodrome, tennis centre and football hub built for the community by 2025.

1 KALLANG FOOTBALL HUB

To be completed by next year, the facility will have one full-sized natural turf pitch, two full-sized artificial pitches and one half-sized pitch for five-a-side or seven-a-side games. It will also have four sheltered futsal pitches and a perimeter running track.

2 SINGAPORE TENNIS CENTRE

Home of the National Training Centre for Tennis and ActiveSG Tennis Academy, the facility will have sheltered and open courts. This will replace the current centre and be open to the community.

3 YOUTH HUB AND VELODROME

Sport Singapore is working with the National Youth Sports Institute to develop the area, which will include spaces for sports like speed climbing and parkour. The authorities are completing the feasibility study for the velodrome that will serve as a National Training Centre for track cycling and be open to the public.

4 BENAAN KAPAL GREEN

An active community park space will be introduced along the waterfront and this could include park connectors, running trails and play areas for all ages.

5 REDEVELOPMENT OF KALLANG THEATRE

The existing Kallang Theatre and its adjoining areas will be redeveloped into an integrated sport, entertainment and lifestyle centre. Among the ideas proposed are: a multi-purpose indoor arena capable of hosting e-sports events, a themed hotel and an international sports medicine centre.

6 ALIVE GATEWAY AND LOOP

A new iconic circular walking and cycling loop will be built to trace the original airfield of the Kallang Airport and link to the waterfront across Stadium Boulevard and Nicoll Highway.
